Glen Echo Residents

I am writing to give you some information and to ask for your cooperation. You will find a copy of the authorizing ordinance, passed in October 2020, attached. The Board of Trustees made the difficult but necessary decision to pass on the cost of trash service directly to residents. We held off on implementation for as long as we could. Rising costs and dwindling tax revenue have made this decision unavoidable. By now you will have received a payment booklet from Mr. Ward.

Our trash service will remain unchanged otherwise. Please direct questions to the Village email address [thevillage@glenechopark-mo.org](mailto:thevillage@glenechopark-mo.org)

Information will also be posted to the Village Website <https://www.glenechopark-mo.org/>

Remember, trash cans be placed at the curb no earlier than 24 hours prior to trash pickup, and all trash cans must be covered. Uncovered cans attract animals and trash is easily blown out, causing an unhealthy nuisance. Trash cans must remain at the curb no longer than 24 hours after pick-up. As a reminder, household trash and yard waste are picked up on Tuesday, and allowable recyclables are picked up on Friday. Thank you for your cooperation.

Victoria Valle, Chairman of the Board of Trustees, Village of Glen Echo Park
